LIBRARY DEPARTMENT

e-Books and e-Journals Access Guide

Introduction

- ❑ Mama Ngina University College subscribes to electronic databases through Kenya Library and Information Services Consortium (KLISC).
- ❑ e-Books and e-Journals are accessed via My Library On Finger Tips (MyLOFT) platform.
- ❑ MyLOFT facilitates access to electronic resources both on and off-campus.
- ❑ Login to MyLOFT is required to access the e-Books and e-Journals.
- ❑ This guide illustrates how to access e-Books and e-Journals.

MNUC Website

Click on “**Library**” then select “**Library Website**”

NOTE

Navigating through the e-Databases

The screenshot displays a web interface for e-Databases. On the left is a sidebar with a vertical list of subject categories: Home, eResources, All Databases, Business | Economic | M..., Environmental Sciences, Health Sciences, Humanities & Social Sci..., ICT, Mathematics & Statistics, All eBooks, Journals, Pastpapers, Collections, and Favourites. The 'Business | Economic | M...' category is highlighted with a red bracket. The main area is titled 'Discover' and features a search bar with the text 'Business | Econ...'. Below the search bar, there are filters for 'Filter by Type', 'Filter by Publisher', and 'Sort by Alphabetical'. The main content area is a grid of database tiles, each with a logo, a title, and a brief description. The tiles include: Academic Journals, Annual Reviews, DOAB - Directory of Open access Books, DOAJ - Directory of Open Access Journals, EBSCOhost, Emerald, HSTalks, IMF eLibrary, JSTOR, OECD iLibrary, OMICS International, ProQuest Ebook Central, Sage Research Methods, Taylor & Francis Online, Wiley Online Library, and World Bank Open Data. A red arrow points from the 'Business | Economic | M...' category in the sidebar to the 'JSTOR' tile in the grid.

Searching ProQuest e-Book Central

The screenshot shows the ProQuest e-Book Central search interface. At the top right, it says "Mama Ngina University College". Below this are three tabs: "Advanced Search", "Browse Subjects", and "Saved Searches". The main section is titled "Find an item whose". It contains two search rows. The first row has a dropdown menu set to "Keyword & Full Text", a second dropdown set to "contains", and a text input field containing "cloud computing". The second row has similar dropdowns but an empty text input field. Below the search rows is a link that says "+ Add another search term". To the right of the search rows are several filter options: "Pub Year Range" with a "Between" dropdown set to "2020" and an "and" dropdown set to "2025", with a note "Indicate years, like 2010 and 2015"; "Language" with a dropdown set to "English" and a link "Add another language"; "Download Format" with a checked checkbox for "PDF" and unchecked checkboxes for "EPUB" and "Full Text"; "Book Status" with unchecked checkboxes for "Owned and subscribed to by my library", "Unlimited Print, Copy, & Download", and "Course Reserve"; and "Number of Copies" with unchecked checkboxes for "More than 1" and "Unlimited". At the bottom of the search area are two buttons: "Clear" and "Search".

Annotations with red arrows point to the following elements:

- The search text input field containing "cloud computing".
- The "Between" dropdown set to "2020" and the "and" dropdown set to "2025".
- The "PDF" checkbox under "Download Format".
- The "Search" button.

Type your search term(s) or phrase on the search textbox provided

Specify the range of the publication year

Select “**PDF**” as the download format

Finally click on “**Search**”

Accessing ProQuest e-Book Central

The screenshot shows the ProQuest e-Book Central search results for the query "cloud computing". The search bar at the top left shows "cloud computing" with a search icon and links for "Advanced Search" and "Save this search". Below the search bar, it states "1958 book results".

On the left side, there is a "Refine your search" section with several filters:

- Sort by:** Relevance (dropdown)
- Results per page:** 10 (dropdown)
- Book Status:**
 - ☐ Owned and subscribed to by my library
 - ☐ Unlimited Print, Copy, & Download
 - ☐ Course Reserve
- Year Published:**

Year	Count
2025	2
2024	4
2023	175
2022	372
2021	528
2020	877
2019	773
2018	945
2017	1014
- Subject:**

Subject	Count
business & economics / general	91
computers / artificial intelligence / general	71
social science / media studies	51
business & economics / management	50
education / general	43

On the right side, there are "APPLIED FILTERS" for Format PDF, Language English, and Year Published (2025, 2024, 2023, 2022, 2021, 2020). Below this, there are tabs for "Book Results" and "Chapter Results". The "Book Results" tab is active, showing a list of books. The first two books are:

Downloading the e-Book

The screenshot shows a dialog box titled "What device are you using?" with a close button (X) in the top right corner. Below the title is a progress bar that is approximately one-third full. There are four options for device selection, each with an icon and text: "Laptop Desktop" (computer icon with a green checkmark), "iOS (iPad, iPhone, iPod)" (Apple icon), "Android (Phone, Tablet)" (Android icon), and "Other" (question mark icon). Below these options are two radio buttons: "I'm using my own computer" (selected) and "I'm using a public computer". A blue "Continue" button is at the bottom right. Three red arrows point from instructional text boxes to the form: one to the "Laptop Desktop" option, one to the "I'm using my own computer" radio button, and one to the "Continue" button.

What device are you using?

How to Access Taylor & Francis Journals

The screenshot shows the Taylor & Francis Online homepage. At the top, the URL 'tandfonline.com' is visible. The navigation bar includes 'Browse', 'Search', and 'Publish' links. On the right, it states 'Access provided by Mama Ngina University College' with a red arrow pointing to it from the text 'Name of institution means you have access to the resources'. Below the navigation bar, the main heading is 'Search peer-reviewed journals and articles'. A large search box contains the placeholder text 'Enter keywords, authors, DOI, etc.' with a red arrow pointing to it from the text 'Type your search term(s) or phrase on the search textbox and click "Search"'. To the right of the search box is a magnifying glass icon and a link to 'Advanced search' with a red arrow pointing to it from the text 'Click on "Advanced Search" to refine the search for specific results (recommended)'. Below the search box, it says '2,216,000+ articles' and a button labeled 'Find a Journal'. At the bottom, there is a section titled 'Explore journals and articles by subject' with a subtext 'Search and explore the millions of quality, peer-reviewed journal articles published under the Taylor & Francis, Routledge and Dove Medical Press imprints.' Below this, there is a grid of subject categories.

Explore journals and articles by subject			
Area Studies	Economics, Finance, Business & Industry	Health and Social Care	Physical Sciences
Arts	Education	Humanities	Politics & International Relations
Behavioral Sciences	Engineering & Technology	Information Science	Social Sciences

Search help

Exact match supported for author search results

You can perform an exact author search by enclosing the name (first and/or last) of the author in quotation marks.

Boolean operators

The Boolean operators AND, OR, and NOT can be applied to search terms.

AND (also + or &)

Use AND to search for documents containing two or more terms. For example, the following query returns documents containing both cat and dog:

cat AND dog

The AND operator is applied by default; for example cat AND dog produces the same results as cat dog.

OR

Use OR to search for documents containing at least one of two or more terms. For example, the following query returns documents containing cat, documents containing dog, and documents containing cat and dog:

cat OR dog

NOT

Use NOT to search for documents that do not contain a given term. For example, the following query returns documents containing cat but not containing dog:

cat NOT dog

Type your search term(s) or phrase on the search textbox provided

Specify the range of the publication year

Finally click on “Search”

Accessing Taylor & Francis Journals

The screenshot shows the Taylor & Francis search results interface. On the left is a 'Filters' sidebar with options for access type, date range, and subject. The main area displays search results for 'Anatomy' with 591,146 results. Annotations with red arrows point to specific elements: the total result count, the 'Only show content I have full access to' filter, the first search result title, and the 'Full Text' link for the second result.

Click on the icon to save the article in your MyLOFT account

Click on "Listen" to get the audio of the article

Click on "View PDF" to download the article

You can go through the abstract to ascertain the relevance of the article to your need(s).

Downloading Taylor & Francis Journal Articles

The screenshot shows a web browser displaying a journal article. At the top, a dark navigation bar contains a 'PDF' button, 'Page 1 / 6', and various icons including a download icon (a person with a document) which is highlighted by a red arrow. The article header includes the journal title 'JOURNAL OF ELECTRONIC RESOURCES IN MEDICAL LIBRARIES', volume and issue information '2021, VOL. 18, NO. 4, 198-203', and a DOI link. The Routledge logo is also present. The article title is '3D Organon VR Anatomy: A Virtual Anatomy Medical Education Tool', and the author is 'Emily C. Weyant and Nakia J. Woodward'. The abstract and keywords are displayed in a light blue box. The introduction section begins with a paragraph about virtual reality technology in education.

3D Organon VR Anatomy: A Virtual Anatomy Medical Education Tool

Emily C. Weyant and Nakia J. Woodward

Quillen College of Medicine Library, East Tennessee University, Mountain Home, TN, USA

ABSTRACT
3D Organon VR Anatomy is a virtual reality program that allows individuals to interact with anatomy in a 3D environment. This column provides a brief overview of the product and its potential uses within a medical library.

KEYWORDS
Anatomy; medical education; software; study tools; virtual reality

Introduction

More universities and libraries are incorporating virtual reality (VR) technologies into their educational toolboxes (Lessick & Kraft, 2017; Napa et al., 2019). It can be difficult to keep up with the rapid advances and changes to the wide variety of VR headsets currently available. That said, it may be helpful to first approach VR technology from the angle of software needed or desired, before delving into the plethora of hardware available. This column will discuss 3D Organon VR Anatomy by Medis Media Pty Ltd, one example of VR software currently available for anatomy related instruction (3D Organon VR Anatomy, 2021). 3D Organon VR Anatomy allows students to explore and interact with anatomy in ways not possible through books or online programs. This software allows students to assemble and disassemble the body, viewing anatomy at different angles and at different levels of detail. Interactivity could help students learn as they work directly with anatomy, viewing bodily actions and manifestations of illnesses in real time while taking assessment quizzes to test their knowledge. What follows

Download the full-text article

Other Available e-Book and e-Journal Databases

- Explore the other listed e-Book and e-Journal databases available on the Library webpage.
- The access process explained above is the same for all the other databases.
- All e-Book and e-Journal databases have basic and advanced search features, download and filtering tools; the only difference is their structure and theme colour.
